## COVID 19 adjustments to working practices

We will take every reasonable precaution regarding the controlling the spread of COVID19.

Where possible – all of our sessions & courses will take place on line to eliminate the risk entirely.

If coaching / tuition is to be held at your home / venue we ask that you ensure the environment is clean and sanitized and that hand washing facilities are readily available and that the current social distancing measures can be met. All of our equipment will be washed before and after use. We will provide hand sanitiser and wipes for all face to face consultations / practices.

On mentoring / coaching days, I will confirm that:

- I am not experiencing any COVID-19 symptoms, have not been diagnosed with COVID-19, or am awaiting the results of a COVID-19 test
- Have not been in contact with anyone in the last 14 days that is displaying symptoms or is known to have COVID-19
- Will follow all precautions laid out by the government and will use PPE as appropriate.

We will ask all clients to confirm the following before sessions:

- They are not displaying COVID-19 symptoms, have not been diagnosed with COVID-19 or awaiting results of a COVID-19 test
- Have they been in contact with anyone in the last 14 days who is displaying symptoms or is COVID-19 positive?

If anyone is displaying COVID-19 symptoms, has been exposed and potentially carrying COVID-19, or is currently awaiting results of a COVID-19 test, we reserve the right to refuse to conduct the session on H/S (health & safety grounds)

All clients will be asked to adhere to the current social distancing guidelines and follow instructions to reduce the risk of transmission as detailed by the trainer at the start of the class.

We also ask that if any client displays COVID-19 symptoms within 14 days of the course, they contact the Track and Trace service AND Buddy's Beats Ltd, and we reserve the right to disclose participants name and contact details for this purpose only. All other details will remain confidential.
